

BASW England

The professional association for
social work and social workers

BY THE PROFESSION, FOR THE PROFESSION

The Quality Assurance in Practice Learning framework is for those involved in planning, implementing, monitoring and reviewing social work placements and practice learning. The Standards and Guidance relating to Practice Learning are regulated by the social work regulatory body Social Work England and the principles embedded relate to the Social Work Task Force's (2010) recommendations for reform across the whole social work profession.
